

Central to experiencing Christ's living and compassionate presence in our lives and the life of our family is spending intentional time in His Word. While many people during the season of Lent give something up (fasting) as a way to grow closer to the Lord, this year we challenge you to add something as we journey to the cross together: Daily Bible reading.

Simply print out and follow the daily reading plan below to stay on schedule to read through the four gospels during the days of Lent and Holy Week. Each week we have provided a break day for you to use when it makes the most sense for you or your family. May Christ's passion lead us to compassion.
